### TELECOMMUNICATIONS PROVIDERS

24/7 RISER MANAGEMENT CONTACT: (916) 599-2730

The following list below will provide information on current circuit providers. The list below provides information on current Telcom providers for all your internet or data transmission needs. This includes all types of circuits (Ethernet, DSL, Fiber, Coax, TV broadband, analog and Wi-Fi capabilities). Please contact your Carrier representative for pricing, we provided contact information for each Carrier at bottom of page. There are several third-party carriers that utilize AT&T fiber and copper, these are [highlighted](#) in carrier contact information section.

#### Site Addresses:

##### 455 UNIVERSITY AVE:

- AT&T...fiber (both ethernet and fiber hand-off options)
- AT&T...copper (DSL, analog or bonded copper for ethernet circuits, analog dial tone for phone, fax)
- CCI...fiber (ethernet over fiber, channel bank for analog dial tone for phone, fax, modems etc....)
- COMCAST...Coax (ethernet over coax, also provides analog dial tone for phone ,fax, modems etc....)

##### 555 UNIVERSITY AVE:

- AT&T...fiber (both copper and fiber hand-off options)
- AT&T...copper (DSL, analog or bonded copper for ethernet circuits, analog dial tone for phone, fax)
- CCI...fiber (ethernet over fiber, channel bank for analog dial tone for phone, fax, modems etc....)
- COMCAST...Coax (ethernet over coax, also provides analog dial tone for phone ,fax, modems etc....)

##### 575 UNIVERSITY AVE:

- AT&T...copper (DSL, analog or bonded copper for ethernet circuits, analog dial tone for phone, fax)
- CCI...Fiber (ethernet over fiber, channel bank for analog dial tone for phone, fax, modems etc....)

##### 601 UNIVERSITY AVE:

- AT&T...copper (DSL, analog or bonded copper for ethernet circuits, analog dial tone for phone, fax)
- CCI...fiber (ethernet over fiber, channel bank for analog dial tone for phone, fax, modems etc....)
- COMCAST...coax (ethernet over coax, also provides analog dial tone for phone, fax, modems etc....)
- COMCAST ...fiber (direct splice no hand-off in MPOE)

##### 655 UNIVERSITY AVE:

- AT&T...fiber (both ethernet and fiber hand-off options)
- AT&T...copper (DSL, analog or bonded copper for ethernet circuits, analog dial tone for phone, fax)
- CCI...fiber (ethernet over fiber, channel bank for analog dial tone for phone, fax, modems etc....)
- COMCAST...coax (ethernet over coax, also provides analog dial tone for phone, fax, modems etc....)

##### 701 UNIVERSITY

- AT&T...fiber (both copper and fiber hand-off options)
- AT&T...copper (DSL, analog or bonded copper for ethernet circuits, analog dial tone for phone, fax)
- CCI...fiber (ethernet over fiber, channel bank for analog dial tone for phone, fax, modems etc....)
- COMCAST...coax (ethernet over coax, also provides analog dial tone for phone, fax, modems etc....)
- COMCAST...fiber (direct splice no hand-off in MPOE)
